

Over \$8,000 Contributed by M-S-A Area To Sixth Red Cross Appeal; Public, Canvassers Congratulated

Exceeds Area's Objective by Good Margin And Trebles Quota; Represents Almost \$1 For Every Man, Woman and Child in Area

Sixth Red Cross financial appeal has come to a close with a total contribution from the Matsqui-Sumas-Abbotsford Area of \$8161.76.

"The public and the volunteer workers who canvassed the Area should be proud of the result," Gordon Peardon, campaign manager stated this morning. "The total represents," he pointed out, "practically a dollar for every man, woman and child in the M-S-A Area."

"I would like to thank the business men for their co-operation in advertising the campaign the A. S. & M. News for its generous publicity, and the Abbotsford Theatre for its collection last week," Mr. Peardon said.

"I would also like to thank No. 5 O.T.U., Abbotsford Airport, for its wonderful support in this Red Cross drive, particularly Flt. Lieut. Mathieson, the padre, for organization of the appeal at the airbase."

President Pleased

H. E. Beetstone of Huntingdon, president of M-S-A Branch of the Canadian Red Cross Society, expressed gratification this morning over the results of the appeal in this Area:

"As shown by Gordon Peardon, campaign manager, in his final report on our Sixth Red Cross Drive, the M-S-A Area may well be proud of its contribution which represents an over-subscription of our \$7000 objective by a good margin, and more than trebles our quota."

"This inspiring and gratifying result has been attained," Mr. Beetstone said, "through the excellent organizing and untiring efforts of Mr. Peardon, his chairman of committees, and canvassers, supported by the whole-hearted co-operation and generosity of all contributors."

Maximum Aid Possible

"On behalf of the Executive of the M-S-A Branch, I would like to express our sincere appreciation and thanks to each and every one who participated or assisted in making our sixth annual appeal for funds such a wonderful success."

"I would like to assure all subscribers that their contributions will enable the Canadian Red Cross to continue to do its part in providing maximum relief and comforts to our Fighting Forces, Prisoners-of-War, Refugees and Civilians in Britain and occupied territories."

PLANS FOR BERRY PICKERS' HOUSING NOW AVAILABLE

Plans of various sizes of accommodation for farm help and berry pickers prepared for the Ontario Farm Service Force have been received by the Dominion Provincial Emergency Farm Labor Service and may be seen at the local Placement Office.

Complete building details are given in the plans which were prepared by the Ontario Department of Public Works for the Department of Agriculture. They include buildings with accommodation up to 30 workers. There are bunkhouses alone, also combination buildings which include kitchen, dining room and dormitory.

BABY CLINIC ON WEDNESDAY, APRIL 11

The regular clinic for well babies and immunizing will be held in the Health Office, Abbotsford on Wednesday, April 11 from 2 to 4 p.m. Dr. C. E. McRae will be in attendance.

BELATED WINTER STORM STRIKES OVER WEEKEND

A freak storm centred on Abbotsford and immediate vicinity Saturday afternoon leaving about three inches of ice and snow slush in its wake.

Accompanied by an electrical storm it commenced to literally snow hail stones about 3 p.m. and kept it up for about an hour. At the same time it became so dark that lights had to be turned on in homes and places of business.

North and east the storm barely extended beyond the town limits. Highlands to the west received the slushy wet white blanket for several miles.

Except in deep shade the "snow" was all gone after a Sunny Easter Sunday but for a few hours over the weekend the aspect at Abbotsford was more wintry than at any time during the 1944-45 winter.

EDUCATIONAL AREA BUYS FOUR LOTS NEXT HIGH SCHOOL

Exercising a "first refusal option" held for some years on property adjoining Philip Sheffield High School in Abbotsford, M-S-A Educational Area has acquired four lots in anticipation of future needs.

The lots adjoin the present playgrounds and extend between Hazel and Pine streets. They provide a frontage of 120 feet on these two streets and a total length of 360 feet.

Purchase became necessary, Inspector A. S. Towell states, when Duncan McDonald, owner of two of the lots, recently moved to Grand Forks, B.C., to make his home. The other two were owned by M. M. Shore. Total purchase price was \$1800. Students Council PSHS, anxious to enlarge the playing field, volunteered \$150 from its funds toward purchase of the lots which adjoin the soccerfield on the west.

MRS. MacANDREW HONORED BY M-S-A ORGANIZATIONS

Has Been Active Worker While Here

Prior to her departure for Dawson Creek, Mrs. George MacAndrew was honored here for her keen interest and help in public affairs in Abbotsford.

Following the working session at the Red Cross workrooms on Tuesday, Mrs. P. E. Trimmell entertained Mrs. MacAndrew and the work convenors at tea. A presentation was made to the honored guest. At the M-S-A Citizens' Committee executive meeting special recognition was given Mrs. MacAndrew.

During her residence in Abbotsford, Mrs. MacAndrew has helped in many public undertakings. She has been on the Canteen committee at the Hut since its inception and has been an untiring worker each week. She took an active part at the Red Cross work room, and in addition to being responsible for part of the work, she drove the workers to and from work each week and was on the executive of the Red Cross Auxiliary.

She helped with the Home Nursing classes and was an energetic worker in the Junior Hospital Auxiliary.

V Bomb Leaves G. Grant Unhurt But Homeless

Bursts Across Street And Wrecks Room He Left Seconds Before

"I could never be closer to one of those things and expect to get away with it," writes Cpl. G. C. Grant from London, England, describing his narrow escape from a "Doodle Bug" or V-1 Bomb which exploded across the street from his quarters and left him "without house or home."

In a letter to Mrs. Grant of Abbotsford, received within a few days of being mailed in London, Cpl. Grant says in part:

"I wrote you last Friday night. On Saturday morning, as I was on my way down stairs, a 'doodle bug' landed exactly opposite on the other side of the street and so now I am out of house and home."

"For myself I got off with a few scratches; was just lucky to be where I was at the moment. A few seconds earlier and I would have been in my room which is completely wrecked, and a few seconds later I would have been in the street and that would have been too bad for me. Just as luck would have it, I was clear—by a foot or so, of doors and windows and so escaped the blast or at least, the worst of it."

"I could never be closer to Continued on Page Four

HIKE AND THEATRE PARTY FOR C.G.I.T.

Seventeen girls from the C.G.I.T. group at Trinity United Church and their instructor, Mrs. E. H. Carson, hiked to Bolton's farm on Easter Monday. When they reached their destination the girls studied an Easter lesson and then prepared their lunch.

After exploring the woods the group returned to town and finished their Easter outing with a theatre party.

Public's Share of B.C. 8th Victory Loan Quota Increased \$5,200,000

Public and Armed Forces Quota \$60,000,000; Total Required From All Sources \$135,000,000; Loan Campaign to Commence on April 23rd

While the quota for the Matsqui-Sumas-Abbotsford Area has not yet been announced, citizens of British Columbia and the Yukon are called upon to dig deeper than ever before into their bank deposits and pay envelopes during the Eighth Victory Loan drive which commences April 23.

RETIRING MEMBERS OF HOSPITAL BOARD ARE ALL RE-ELECTED

Small Attendance At Annual Meeting

With an attendance sufficient only to provide a quorum, the annual meeting of the M-S-A General Hospital was held in Trinity United Church, Abbotsford, on Thursday evening.

Reports by the Chairman, Mrs. M. M. Shore, and Matron, Miss Enid Chadsey, RN, were read and adopted. In the matron's report it was disclosed that 765 patients were admitted during 1944, an increase of 110 over 1943. There were 70 babies born an increase of 36 over the previous year.

A vote of thanks and appreciation was given to the Matron and the nursing staff.

A short resume of progress toward the proposed new hospital was discussed.

Members due to retire were Mrs. M. M. Shore, L. T. Kettle, A. H. Horn and H. C. Breiter. All were re-elected as members of the Hospital Board for the coming year.

PEDERSEN BABY BAPTISED ON GOOD FRIDAY

Shirley Pauline, infant daughter of Mr. and Mrs. Ove Pedersen (nee Freda Igeland) of Victoria, was baptised at the residence on Good Friday by Rev. Solheim of Vancouver. Sponsors were Mrs. J. M. Igeland, and Mrs. T. R. Igeland. Mrs. E. Carlson acted as proxy for Mr. Thomas Igeland.

After visiting in Victoria for four months, Mrs. J. M. Igeland will return to Matsqui on Wednesday, accompanied by Mrs. Pedersen and baby daughter.

The public and armed forces here, during the three weeks' campaign, will be given the task of investing a minimum of \$60,000,000, which is \$5,200,000 more than the quota of \$54,800,000 assigned them in the Seventh Loan.

However, as this higher quota is still far less than the final public investment in the Seventh Loan, it is confidently expected that the results this time will reach \$75,000,000. The record-breaking \$68,167,150 in Victory Bonds purchased by the public and service men and women in the previous campaign, came from the following sources:

From the Armed Forces, \$4,150,200; from employees of factories and large offices operating under the Payroll Savings Plan, \$15,470,500; from the remainder of the public (householders and housewives, employees of small establishments) \$48,546,450.—Total \$68,167,150.

Officials of the National War Finance Committee confidently expect that last Fall's record will be topped in the coming drive.

The total B.C.-Yukon quota from all sources has been set at \$135,000,000, with the \$75,000,000 balance to be made up of investments by local corporations, and B.C.-Yukon's share of national applications (orders placed in the East by concerns with branches here).

Reasons For Increase

In announcing the quota, Geo. Kidd, Chairman of the B.C.-Yukon Division of the National War Finance Committee, explained the reasons for the increased quota.

"It would be natural for people to ask," said Mr. Kidd, "why do we need more money at this stage of the war? Isn't the fighting nearly over?"

"Actually, of course, the fighting in Germany has built up to a climax. Mr. Churchill's 'one last heave together,' which we all hope will smash German resistance in a matter of weeks, will likely prove the most expensive phase of the war from the equipment and material standpoint. The Allies can now put 8,000 aircraft into one operation. We have 10 tanks where we used to have 1. We fire barrages now from thousands of guns."

"But even if the war in Germany ended tomorrow," Continued Mr. Kidd, "our expenditure Continued on Page Five

HELEN DRIEDGER CHOSEN TO BE 33rd MAY QUEEN

The 33rd May Queen to be crowned at the annual May Day Celebration will be Helen Driedger, a grade seven student from Upper Sumas School. The princess will be Vida Mayers, 13 years, who is a grade seven student at Matsqui Superior school. Alice DeBeeld of Abbotsford Elementary school has been chosen to be "Miss Canada" She is 13 years old, and is in grade seven. "Miss Britannia" this year will be Grace Gibson, a grade eight student from Mt. Lehman Superior school.

The retiring queen is Helen White of Gifford and her princess is Pauline Roskewich.

The Loyal True Blue Lodge is again sponsoring the annual event which will be held in Jubilee Grounds on May 24. Tickets are on sale now for a list of valuable prizes, and the drawing will take place on the evening of May 24.

OLD AGE PENSIONERS TO RESUME MEETINGS

The Old Age Pension Organization will resume their meetings after a winter recess, and the first one will be held in the Parish Hall on Wednesday, April 11, at 2:30 p.m. All members are requested to attend and to submit their dues to the secretary.

CRUICKSHANK IN HOUSE CLASH

Speaker J. A. Glen raised his voice to shout order in Commons Tuesday when two members exchanged verbal thrusts.

George Cruickshank (L-Fraser Valley) had received a reply from Works Minister Fournier that he would be able to say today his department's decision on a wharf at Powell River.

"That ought to satisfy British Columbia," interjected Karl Homuth (PC-Waterloo South).

"Never mind—we can look after ourselves," Mr. Cruickshank retorted.

Operational Training Continues Here

Skies over Matsqui-Sumas-Abbotsford Area will continue to hum with air training activity even though the British Commonwealth Air Training Plan reached completion officially in Canada on Saturday, March 31.

Operational training of aircrews from all parts of the Empire at the Dominion's three major operational training units, all of which are on the Pacific coast—Abbotsford and Boundary Bay (combined), Comox and Patricia Bay—will not be halted for some time.

Canada can be proud of her contribution to the Allied war effort in operating the BCATP which produced more than 130,000 trained aircrew, more than half of whom were Canadians. She can be equally proud of her operational training in which, at one unit in B.C. alone the number of aircrew who have been prepared for actual combat has ranged into the four figures.

West coast OTU's assemble men who already have their "wings" into a fighting team, and train them through all the steps right up to the "ready for action" stage. It is advanced, specialized training which they receive.

At Abbotsford and Boundary Bay, heavy bomber crews are whipped into shape for combat on four-engined Liberator aircraft.

At Patricia Bay, coastal patrol training on Canso and Catalina flying boats is given; and at Comox, crews are trained in transport flying on huge DC3 (Dakota) aircraft.

To the average layman it might seem that the training program is a bit on the excessive side considering that all "students" already wear wings when they land at the OTU's, and, after all, the principles of flying remain basically the same.

But it really is a big jump up to four-engined and twin-engined operational aircraft from the light service training planes from which the students receive their wings. Take for instance the plump Liberator. The new pilot is faced with a maze of instrument panel the like of which he has never seen in the training plane, and from the time he takes his place in the pilot's seat until he settles back in the airborne plane, there is a stren-

Finds Farmers Could Help Themselves More

Report of the Agricultural Commission of Inquiry, which has been tabled in the Ontario Legislature, comprises 90 pages, upon most of which are found proposals for Government action. Provincial authorities are asked to encourage, develop, organize, expand, appoint, subsidize, etc., to introduce legislation and in various specified ways to improve the lot of Ontario farmers. The program, which evidently would require some years for fulfillment, includes numerous proposals for financial aid, from which it must be assumed that even with wartime bonusing of farm commodities the basic industry does not feel able to stand on its own feet. Various forms of financial aid are recommended for the purpose of bringing up rural school facilities to urban standards. Gist of this section of the report is that rural communities know how to accomplish the desired improvements but lack the financial resources. Inasmuch as the Drew Government's new grant set-up provides for as much as 90% of school costs in low-assessment areas, it must appear to the casual observer that the further measures of aid set forth in the Inquiry Commission's report would free taxpayers in such areas of all education outlay.

In contrast says the *Toronto Evening Telegram*, it is satisfactory to find in the report a candid statement by the practical farmers comprising the Commission that, in many of the matters dealt with, the power to improve conditions "does not rest in legislative or regulatory action, but in the willingness of the farmers to help themselves by changing their practices and methods, by taking such co-operative action as lies within their power, and by such organization as will be of assistance."

For example, in connection with intermediate and short-term production credit, the Commission finds that the needs of agriculture are now capable of being met through regular banking channels, but that many farmers eligible for bank credit do not use it. On

This war is just "the morning after" an unthinking peace. If we go on another peace binge our next headache will be even worse.

LETTERS to the EDITOR

Opinions expressed under this heading are not necessarily endorsed by The News. The full name and address of the writer must accompany contributions for publication. Letters should not exceed 300 words in length.

To the Editor,
A. S. & M. News,
Dear Sir:-

For Crippled Children
The 6th annual "April Shower of Dimes" sponsored by the Solarium Junior League, Victoria, B.C., in aid of the crippled children at Queen Alexandra Solarium, Mill Bay, Vancouver Island, is taking place through the month of April. This drive is the League's major project for raising funds and has grown each year with most gratifying results.

The splendid work being done at the Solarium for the sick and crippled children from every part of the Province is well known. But what may not be known generally is the fact that the Solarium depends on public subscription for almost half its annual revenue. Thus the "April Shower of Dimes" plays an important part in keeping the needs of the Solarium before the people of British Columbia.

We must not let the crippled children of B.C. down through lack of funds to support the only institution where they may be helped back to health and strength.

A dime is a small donation, but many dimes amount to the dollars which are needed to carry on our work for crippled children in need of treatment and medical aid. Please, place your dime — or as much as you can spare — in an envelope addressed to the Solarium Junior League, Victoria, British Columbia. Your donation will help some sick youngster back to health.

Yours very sincerely,
Sherla Morgan (Mrs. N. L.)
Convener,
"April Shower of Dimes" Com.,
Solarium Junior League,
Victoria, B.C.

Editor,
A. S. & M. News,
Dear Sir:-

"Governments Can Charge"
Re: Editorial "Governments Can Charge", March 28 issue:
In my opinion, this article may induce many citizens to feel that governmental control and present heavy taxation on liquors is an injustice. However, is it not logical to tax such a luxury commodity rather than the necessities of life? Moreover, governmental "monopoly" of the liquor industries insures a greater number of beneficiaries rather than in the cases of privately controlled industries, whereby recipients of profits are few.

Yours truly,
Violet Anderson,
RR2, Abbotsford.

More than 1,100,000 Canadian women, almost twice the number working in Canada in 1939, are in the armed forces and gainfully occupied. A recent survey indicated that fewer than half the married women now working want to stop at the end of the war.

the subject of soil conservation, the report places before farmers their own responsibilities. Improved school facilities in rural areas, it is suggested, should be adequate to provide the same standard for rural as for urban pupils. There is a proposal to make the compulsory school age for rural children the same as that for urban, but it might have been thought that where it is feasible and desirable for parents to send children to school up to 16 years, a law compelling them to do so would be hardly necessary. Indeed, the report goes on to say that the first step toward improvement of rural school facilities is general adoption of the larger unit of school administration. That was fought vigorously by almost all rural Ontario, for years after Hon. Howard Ferguson introduced enabling legislation and only in the past few years has it taken hold and started to spread.

Agriculture is vitally important to Ontario — never more so than at present — and it cannot be said that on the whole it has ever received more than its due from successive administrations. The Inquiry Commission's report lists many projects which promise to be of benefit to the industry, to rural people in general, and indirectly to us all. It is the product of systematic investigation by practical men, under chairmanship of "Archie" Leitch, who has a unique background of academic and practical experience. Some of its recommendations have been carried out during the time the Commission has been at work; as for the others, it is for Hon. T. L. Kennedy and his colleagues to determine. The outlook for agriculture in the post war period is difficult to forecast, as the Commission has stated in announcing postponement of its report on marketing. But judging from the stress laid upon provision of educational training "specially fitted for those intending to follow the vocation of agriculture" it would appear that these representatives of the industry can see some future in farming.

It doesn't make much difference what religion you have if what religion you have doesn't make any difference.

LEGION NOTES

Branch No. 15
(Contributed)

Letters from Overseas

Letters from the following boys serving overseas, acknowledging receipt of cigarettes, have been received:

LAC. Crombie, P. E.; LAC. Fraser, D. F.; Spr. Philips, L. Crombie writes: "These few lines will acknowledge the receipt of the parcel of cigarettes and say how much I appreciate same and how good it is of you to remember me like that when we are so far away from home. It is very nice to know that we are not forgotten. I am now somewhere in Holland and will be very glad when it is all over so I can get back to the good old Fraser Valley again. The more I see of this world, the better I like the Fraser Valley."

Vimy Celebration

A smoker will be held in the Club Room on Friday April 6th. Make it a date.

Employment

Veterans requiring employment should contact the Secretary of this branch who will be glad to acquaint them of available positions.

More than 320 veterans of the present war are taking courses at McGill University in Montreal. One hundred entered at the beginning of the college year in October, and 220 in January, 1945, when a special session was opened for exservice men and women.

Canadian Pacific Sailors Decorated for Wartime Service

—Atkinson Photo by Krass, Vancouver.

SEVENTY ON HONOR ROLL: Their awards among 70 such entries on Canadian Pacific Steamships' honor roll for wartime sea service, these C.P.R. sailors have been honored by the King and by Lloyd's of London. From left: Second Mate M. D. Atkins, M.B.E., 20, survivor of the sinking of both the *Empress of Asia* and *Empress*

of Canada; Chief Engineer T. M. Atkinson, M.B.E., veteran of "continued service in dangerous waters, chiefly in the North Atlantic"; Capt. R. McKillop, M.B.E., highly praised for his handling of a C.P.R.-operated ship on D-Day; and Chief Engineer E. E. Vick, O.B.E., awarded Lloyd's War Medal late in 1944 "for bravery at sea".

Do You Remember? Twenty Years Ago

In the A.S. & M. Area

From the A. S. & M. News of
APRIL 2, 1925

The Presbyterian Church was filled to capacity to hear an address on the amalgamation of the churches.

The erection of the Lutheran Church parlor is well under way.

Twenty-five Mongolian cock pheasants were liberated in the Abbotsford district by the Provincial Game Conservation Board.

A new barn and house are being built on the Cruickshank property at Matsqui.

The Abbotsford Baseball Club was formed with a committee of R. Gilmore, H. Little and F. Fossett.

The total attendance of the Abbotsford school is 220, and the average attendance for March was 199.

Sixteen families are expected to arrive shortly from Scotland to settle at Clayburn under the Soldier's Settlement Board.

15 YEARS AGO

APRIL 2, 1930

During 1930, 89,948 Canadians passed through the Port of Entry at Huntingdon and 87,719 American tourists visited Canada.

Olive McNelly was elected Abbotsford's May Queen on Thursday. Audrey McDonald is Miss Canada.

A "building bee" worked at the Sumas agricultural hall and placed the floor and part of the

wall studding. Ridgedale Community has practically paid for the erection of its new hall.

Kenneth Thompson has recently returned from the Orient.

Formation of a Canadian Legion club for the sale of beer by the glass will be discussed at a meeting on Thursday.

Col. V. Spencer is reported to have purchased from 400 to 900 acres Sumas lands.

10 YEARS AGO

APRIL 3, 1935

An agreement has been authorized between the Fraser Valley Union Library and the commissioners of Mission City whereby Mission would be included in the library scheme.

Notice has been given by the Corporation of Matsqui of a by-law for the Municipality to borrow \$5000 to meet the extraordinary expenses proposed by the school board.

Abbotsford AYPAs badminton players won a game with Saris by 6 games to 5.

Men's Club and Legion crib players are playing off the shield symbolic of crib supremacy in the district.

Poplar and Sumas fair boards will hold a meeting to decide whether the two fairs will amalgamate or not.

The proposal to construct bowling greens here has been dropped for the present because of no support.

HELP B.C.'s CRIPPLED CHILDREN!

Send your donation to the "April Shower of Dimes". The address is Solarium Junior League, Victoria, B.C.

Twenty Stranraer flying boats have been purchased from the Canadian War Assets Corporation by a Montreal transport firm. The planes will be used in the Caribbean during the winter and on a proposed Canadian Northwest string route in summer.

DESTINATION: BERLIN! Hundreds of different war materials are being sent from Canada across the sea to help back up Canadian boys on the Italian and French fronts. Among the materials are shells such as those being inspected by the young Canadian worker in the above picture who has been busy at this job ever since the beginning of the war. Canada's shell filling and shell manufacturing plants need more men and women to help the fighting forces deal the final blow. Thousands of workers are being recruited by Employment and Selective Services offices for the shell filling and shell manufacturing plants across Canada.

GOOD PASTURE FOR GROWING CHICKS

The true worth of good pasture for poultry should never be overlooked, in fact it has been rightly said that a good range is the poultry man's safest assurance of adequate nutrition, says W. T. Scott, Head Poultryman, Dominion Experimental Station, Harrow, Ont.

The benefit that the flock will derive from free range will depend to a great extent on the kind of the pasture and the amount of care that it receives.

Some grasses are more palatable than others and may be consumed in greater quantity on this account but probably due to their higher nutritional value as well as their attractive succulence clovers and alfalfa are more readily sought and enjoyed.

To some extent the nature of the pasture provided will be governed by local conditions but as far as the poultry are concerned the care and management of the range should be about the same.

Permanent range should not be used for poultry more than once in three years or it may become infested with parasites or polluted. It should not be overgrown or the birds will be deprived of the young tender shoots that form a valuable and essential part of their diet. Frequent mowing will promote the growth of the pasture and encourage wider ranging from the much used and perhaps infested areas around the shelters, reducing the risk of infection and building up a resistance to disease. Mowing may be considered somewhat of a task but the benefits derived far outweigh the cost.

For the best assimilation of their grain ration the birds require this abundant supply of succulent roughage, rich in vitamins, proteins and minerals, and due attention to the upkeep of the range will prove to be sound economy by saving feed and by increasing the capacity of the range. One acre of good range kept in good condition should support at least 400 birds.

TWO ACRES PRODUCES THOUSANDS TUBERS, BULBS QUANTITIES OF FRUIT

Starting with about 50 tubers five years ago, George Wilford, McCallum road, Abbotsford, is this year shipping 2000 Dahlia tubers. This is apart from annually increasing shipments of Gladioli and Tulip bulbs. Intensively cultivating his 2-acre property, Mr. Wilford last year picked more than two tons of raspberries from his cane patch as well as substantial quantities of strawberries, peaches and other fruits which he also finds room and time to cultivate.

LAKE AREA CLUB HONORS SECRETARY

The March meeting of the Sumas Lake Area Club was held at the home of Mrs. U. Reber with thirteen members present.

Mrs. A. Hall was given a vote of thanks for making a quilt which will be raffled at the Spring tea.

The Secretary gave a report of the card party held at the home of Mr. and Mrs. E. Tessaro at which \$11.00 was realized.

It was decided that the annual tea be held at the home of Mrs. N. P. Frost, Mrs. R. Walter and Mrs. P. Pache to have charge of the Sale of Work, Mrs. A. Mellis the homecoming, Mrs. U. Reber the tea, and Mrs. G. Mogg the quilt tickets.

Mrs. G. Mogg won the raffle, prize for which in April will be brought by Mrs. A. Mellis. Mrs. J. O'Connell won the contest for which she will be responsible next month.

The hostess served a very delicious tea and also surprised the secretary whose birthday it was by presenting her with a beautifully decorated cake.

Next meeting, the annual, will be held at the home of Mrs. W. Nelson on April 11.

INVESTMENT OPPORTUNITY

An application of 800 lbs. per acre of C-I-L 4-12-18 on MANGELS or SWEDES may on the average be expected to show a return of \$3.20 for every \$1.00 invested.

MT. LEHMAN

Final figures on the Red Cross campaign for this district shows \$243.30 contributed, as against \$209 last year.

Gordon McDonald, RCNVR visited his parents, Mr. and Mrs. James McDonald this week.

Pte. Muriel McCuaig, Canadian Postal Corps, Vancouver, visited her sister, Mrs. Jimmy Taylor and Mr. Taylor for the weekend.

Visiting their parents, Mr. and Mrs. A. Israel for the holiday were, Ethel, Helen, and Edna Israel of Vancouver.

Miss Kathleen Philips of Vancouver visited her father W. B. Philips on Sunday.

Mrs. Chester McNeill of New Westminster visited her parents, Mr. and Mrs. J. Simpson for the weekend.

Mrs. Alice Woods of Vancouver has come to reside with Mrs. Forrester.

The United church was filled to capacity on Sunday afternoon for the Special Easter service, conducted by Mr. Salles. The Young Peoples' Choir under Mrs. Stewart gave special numbers. The Sunday School had provided a "Daffodil Cross," during their service just preceding the church service.

SUMAS DISTRICT

Easter Sunday visitors of Mr. and Mrs. Alex Hougren were Dr. and Mrs. C. O. Swanson and Boyd, and Dr. and Mrs. O. Hougren and son, of Vancouver; and Mrs. Mary Hougren of Matsqui.

Mrs. E. B. MacPhail and Beryl have returned from holidays spent in Vancouver.

Miss Patty Beldam is visiting at the home of Mrs. Tretheway, Haney.

Mr. and Mrs. J. L. Gleason and Mary of Everett, Wn., and Mrs. Berle Miner of Seattle, Wn. were weekend visitors of Mr. and Mrs. L. M. Gleason.

The directors of the Chilliwack Light Horse Riders and Breeders Assn. held a meeting Wednesday at the home of Mr. and Mrs. Chas. Beldam.

Sunday visitors of Mrs. H. R. Harris were Mrs. Fleming, Mrs. Barger, Peggy Fleming, Mr. Don Tellison, and Ed Tellison, all of Bellingham, Wn.

Mrs. Sparling and Lorraine of Seattle, Wn., were Easter holiday visitors of Mr. and Mrs. C. M. Baynes.

Mrs. I. Keefer recently visited Mr. and Mrs. Layton.

Misses Merna and Donna Tiltson of Bellingham, Wn., are spending a week with their aunt and uncle, Mr. and Mrs. H. R. Harris.

Mr. and Mrs. Fred Smith and Monty were weekend visitors of Mr. and Mrs. H. R. Harris.

Miss Lois Dayton of Vancouver, is spending the Easter holidays with her parents, Mr. and Mrs. J. E. Dayton.

Marketings of beef cattle in Canada from January 1 to February 22, 1945, totalled 266,600, an increase of 83,300 head over the corresponding period in 1944. Hog gradings from January 1 to February 17 were 1,125,500, a decrease of 452,000 from the similar period in 1944.

Miss Marjorie Todd of King road is visiting friends in Vancouver.

Mrs. B. C. Busby has returned to North Poplar after spending a few weeks in Winnipeg and surrounding district.

Mr. and Mrs. A. Driedger and family spent the holiday week-end with Mrs. Driedger's mother at Chilliwack.

Mrs. W. Urquhart is the guest of her parents Mr. and Mrs. T. Jackson, Marshall road for the Easter holiday.

An interesting and useful meeting was enjoyed by the ladies of the district at the home of Mrs. A. Hocking on Tuesday, with musical items adding to the pleasures of the event. The next meeting will be held at Mrs. I. J. Dyck's, north Emmerson road on Tuesday the 10th April.

The infant son of Mr. and Mrs. H. Martin (Brian Raymond), was christened at the afternoon service at the United church on Sunday during the Easter service.

A get-together social with a program of moving pictures will be held at the United church on Wednesday, April 11, to celebrate the installation of the electric light.

Mr. and Mrs. G. Earl Kerr and two small daughters from Vancouver visited with Mr. and Mrs. G. J. Busby at Poplar Kennels on Sunday.

ABERDEEN

Mrs. Bill Fowler of Pemberton, and young son are visiting for a few days at the home of Mr. and Mrs. B. Gladwin.

Mrs. Bumstead and young daughter of Vancouver are visiting at the home of her parents, Mr. and Mrs. W. Fluegal, for a few days.

Mr. and Mrs. A. E. Gledhill and family were visitors to Vancouver on Sunday, guests of Mr. and Mrs. W. Hardie.

Our Red Cross collection amounts to \$178.50, an increase of over \$30 over last year. With the exception of a couple of changes the collectors were the same as in previous years.

Mrs. Henry and Mrs. Denny will be co-hostesses at the Red Cross meeting to be held at the home of Mrs. Henry on Wednesday, April 11th at 2:30 p.m.

Mrs. B. Orwick entertained a number of ladies at tea Thursday afternoon, decorations being carried out with spring flowers.

Mrs. King and family, and Mr. and Mrs. Coons of Vancouver were guests at the home of Mr. and Mrs. Arthur Gledhill on Good Friday.

Mrs. Caroline E. Lobban

The death occurred this morning at the home of her son, L. F. Lobban, McKenzie road, of Mrs. Caroline Elenior Lobban. Mrs. Lobban, who was in her 79th year, had resided in Abbotsford for the past three years. Besides her son here, she is survived by a son in Vancouver.

Funeral services will be held in Vancouver at 2 p.m. on Saturday. Henderson's Funeral Home has charge of arrangement.

The various parts of the human body are not wear-proof. The only way to make them continue to function well is to give them rest once in a while.

Post-War Water Service for Entire Valley Described To Delegates At Municipal Association Meeting

All Districts Represented at Sessions in Mission On Wednesday. \$6,000,000 Post-War Project Given General Endorsement; Insurance Rates Discussed

With the aid of a large map of the Fraser Valley, Reeve J. T. Brown of Surrey outlined to more than 50 reeves, mayors, councillors, aldermen and commissioners of Fraser Valley and Lower Mainland civic bodies attending a Municipal Association meeting in Mission the recently announced \$6,000,000 water service project for the Fraser Valley.

Reeve Brown reviewed the marked development taking place in the Fraser Valley and declared a complete change in living conditions was taking place, making such a water service absolutely imperative. In this he was supported by Reeve W. T. Richardson of Chilliwack, Reeve Alec Hope of Langley, Reeve W. H. Cunningham of Maple Ridge and Reeve Kirkland of Delta.

The project, which Reeve Brown stated was essentially a major post-war development that must be financed by federal and provincial governments, is basically in three parts.

From the Greater Vancouver Water Board water source in Seymour Creek, North Vancouver, Reeve Brown traced the route of a large main now extending to Vancouver and the eastern side of Burnaby. This, he said, would be carried through Burnaby and New Westminster, serving development there, carried across the Fraser River to Surrey and eastward to Langley Prairie. A branch main would go out the

Scott road to connect with existing mains serving Delta where additional water is urgently required.

The second unit outlined by Reeve Brown would include a main from Coquitlam Lake dam through Coquitlam, Pitt Meadows and Maple Ridge to Haney. Thence it would be carried under the Fraser River into Langley to link up with the first main from Seymour creek in the vicinity of Langley Prairie. This would provide an alternate source of supply in event of breaks.

The third unit would secure its supply from a creek of the Vedder River south of Chilliwack, according to plans prepared by officials of Greater Vancouver Water Board. It would serve Chilliwack, Sumas, Abbotsford, Matsqui and eastern Langley. Eventually a main would be extended north from Abbotsford to Mission, he said.

With several reeves drawing attention to the rapid increase of (Continued on Page Nine)

IN MODERN MANNER: Rebuilt as part of the Canadian Pacific Railway's program for immediate improvement and refinement of existing cars and radical changes in new rolling stock to be built when peace comes, the sleeping car "Valois" has many new features, with special consideration for the comfort of women and children. The first automatic door opener in a Canadian railway car at left has a pneumatic-electric arrangement, visible at the top of the rear of the door, to do the work at the first touch of the luggage-laden passenger's hand. Top right is one of the wider windows in the car with one large window of the observation car type installed in each section to give an unbroken view of the countryside and replace two smaller windows

which served before. Bottom right is the powder room of this model for modernization where innovations include tubular lighting, which is carried through the whole car, and a powder table and handbag shelf in black plastic. Other departures in the car include improved springs and anti-noise attachments on the trucks as aids to smoother riding and undisturbed slumber, illuminated car numbers to prevent confusion on dimly lighted station platforms and an interior finish which employs metal trim and pastel paint and upholstery in a pleasing combination. The car, which now is in service, also has outlets for electric razors, two-tone chimes to summon the porter and high-frequency buzzers for wake-up calls, with their installation being standard practice on all cars of this type shipped.

The Commando, famed Liberator plane, has completed the first world-girdling flight that originated in Canada. The Commando travelled 44,496 miles in 234 hours and 28 minutes. It has since been reported missing on a trans-Atlantic flight.

Buy War Savings Certificates.

NEWS Ration Review

Canning Sugar

The Wartime Prices and Trade Board has received some enquiries as to why the Canadian Canning sugar allotment is only ten pounds against the American allotment of twenty pounds. It should be remembered that all Americans do not automatically obtain twenty pounds of canning sugar. It is issued only to those who apply and it is expected that the total amount will not exceed ten pounds per capita.

Canadians who wish to purchase sugar instead of preserves can actually obtain more sugar than their American neighbors.

Women's Conference

The second annual conference of the British Columbia Regional Consumer Branch of the Wartime Prices and Trade Board will be held in Vancouver on April 11, 12 and 13.

B.C. AIR CONFERENCE

It is announced by Ald. C. E. Scanlan of Kamloops, chairman of the B.C. Interior Aviation Council, that a provincial wide air conference will be held in Kamloops May 24-25. The conference is being sponsored by the B.C. Interior Aviation Council in conjunction with the Aeronautical Institute of Canada.

FEWER WEDDINGS

Vital statistics for the month of November show a reduction of 12% in the number of marriages compared with November, 1943.

The Regional Chairman, Mrs. Paul Smith, will preside. Consumer Branch headquarters, Ottawa, will be represented by Mme. Irene V. Cougeon, who will be the special guest-speaker at the conference. Mme. Cougeon is national supervisor of conservation for the Consumer Branch, but will participate in discussions of all phases of Consumer Branch Work.

Public's Share of B. C. 8th Victory Loan Quota Increased by \$5,200,000

Continued from Front Page

tures must remain at a very high level". He pointed out the following factors:

1. Our participation in the Pacific war will involve large outlays for supplies, even if only small numbers of our forces are engaged.
2. The armed forces will still have to be paid, housed, fed and brought home.
3. The faster they can be demobilized, the more money will be required to provide veterans' benefits and fit them out for civilian life.
4. The wounded and sick must be looked after; the disabled cared for.
5. The British will need more financial help in feeding their hungry and sheltering their home-

less. 6. Social security measures at home, of which the Family Allowance Act comes into operation in July, will require large sums of money.

"So it is evident," said Mr. Kidd, "that there is a definite need for every dollar that can be raised, and we cannot let up in our self-discipline in the matter of saving for some time yet."

The Money is Here

"There is no doubt whatever that this loan can be substantially over-subscribed. The money is here."

"Our preliminary surveys show that the total payroll in industrial plants has remained practically unchanged from last Fall. Personal incomes in Canada in 1944 totalled \$8,617 million, up \$230 million from 1943.

"Canadian savings bank deposits in April 1945 will be up \$500 million from a year ago and will probably exceed \$2,750 million.

"Cash farm income in Canada in 1944 was \$1,748 million, up \$350 million over 1943. B.C. agricultural output was worth around \$100 million last year."

Keeping the Dollar Sound

Mr. Kidd further stated that, according to the best available estimates, individuals today have \$1 of spendable income for each 70c of new things available for purchase at current prices.

"It is, therefore," he said, "most important that we set as our real objective in this loan, the investing dollar that can be spared above actual living costs. While Canadians have, through their willingness to save and do without and obey the wartime restrictions and price regulations, made it possible for Canada to maintain a sound dollar, the threat of inflation is always hanging over us, and the period of transition from a war to a peace economy presents most troublesome problems in this respect."

"Every dollar saved instead of spent, every dollar put into Victory Bonds and War Savings Certificates, means that much less spending pressure against the price controls, and means a dollar that is helping to win the peace as well as the war."

Leadership from Armed Forces

"Once again leadership is expected from the armed forces," stated Mr. Kidd. "In each loan members of the forces have handsomely over-subscribed their objectives at an early date and set an example to the civilians."

Worker's Quota Up

Workers in 395 factories and offices operating under the Payroll Savings Plan are being called on for a \$17,000,000 share of the quota. Employees are being asked, on the average, to invest a minimum of one month's pay or 16 2/3% of six months' payroll. During the previous drive, workers in 234 of these establishments, or 61%, exceeded this minimum, while 203 firms, or 51%, achieved 17 1/2% of payroll or better.

The employees of many smaller businesses also made a remarkable record in the 7th Loan. In 995 establishments, workers (many of them in the low income brackets) invested 13.72% of total payroll, with an average saving of \$118. They will be counted upon to make a greater effort this time.

During the 7th Loan in British Columbia and the Yukon there were 287,325 individual buyers of Victory Bonds who averaged an investment of \$237.

Must Aim Higher Still

"Both these figures can be improved," said Mr. Kidd. "We are aiming for 300,000 purchasers, and for every dollar that can be raised."

"Our people have the money; they have their personal post-war plans in which their Victory Bond savings are playing a large part; they have come to recognize the investment values of Victory Bonds, and to know that when they buy them, they really do 'Invest in the Best'. They know that it takes \$2,000 in the bank to earn as much as \$1000 in Victory Bonds."

"Most important of all, they know our men overseas, engaged in crushing the last desperate German defenses; but still taking time out under fire to buy Victory Bonds, will be tremendously heartened by the news that the people at home once again have shown their wholehearted support by a huge Victory Loan over-subscription."

"So I look forward with the greatest confidence to the success of this loan campaign. The B.C.-Yukon area has always been well up among the top Provinces from the standpoint of numbers of purchasers per capita, and amount purchased per capita. We have never yet been able to emerge on top. In this drive, let us see that the far west leads the field."

"If every one of us makes, not a 'token' purchase, but the very largest investment our circumstances permit, we can easily set a record of which we can be truly proud."

A National Flax Council has been formed in Montreal, made up of representatives from all the larger flax growing areas of Canada. Flax acreage which was about 12,000 acres in 1939 is now 40,000. Forty-three scrutching mills are in operation. There were eight in 1939.

OUR PLAN TO Complete ELECTRIFICATION OF OUR RURAL B.C. AREAS

W

HEN the B. C. Electric has carried out its final plans for distribution of electrical power and light to rural areas covered by its system, the rural residents will be more completely served than those of any other large system on this continent. This program will be carried out during the first five post-war years, AT NO COST TO THE B. C. TAXPAYER.

This plan for completing the electrification of our rural areas will, we are confident, have the effect of enriching the lives of our country residents and increasing farm production. It is based upon our faith in the steady growth of these territories and our endeavour to serve the rural communities to the utmost of our ability.

To make clear what this additional program will mean to the B.C. countryman, let us adopt the question and answer method.

1

Q. WHAT RURAL B.C. AREAS ARE COVERED BY THE PLAN?

A. They include the busy and ever-growing Fraser Valley area of the Lower Mainland; the Kamloops district; the southern part of Vancouver Island; Port Alberni district; Newcastle-Nanosee district; Royston. The plan will, in fact, complete the electrification of all rural areas served by the Company, which will put the B.C. Electric in the forefront of large systems on this continent.

2

Q. TO WHOM WILL ELECTRICAL SERVICES BE AVAILABLE?

A. About 80 per cent of all rural residents in above areas who are not at present served by electrical facilities. This is as complete coverage as is practicable. It only excludes premises too remotely situated to be included in a general plan. An estimated 6,000 to 7,000 additional homes and farms will be served.

3

Q. WHAT ARE THE ADVANTAGES OF THESE SERVICES?

A. The general advantages are so obvious as to need little explanation. Electric light will be available at the turn of a switch, just as in the city, in rural homes and farm buildings, wherever the user requires them, upon the terms specified in the following paragraph. Electric power will be connected where required for such purposes as pumping water, driving farm and industrial machinery, operating home electrical appliances, cooking and water heating.

4

Q. WHAT WILL BE THE COST TO THE CONSUMER?

A. The basis of cost will be a \$2.00 per month minimum charge for the first four years after power is connected, after which our standard rate schedule will apply. This \$2.00 monthly minimum, well below the average rural bill, and below our actual costs, is more generous to the farmer than rural electrification schemes in any other province.

5

Q. WHEN WILL THESE ADDED SERVICES BE AVAILABLE?

A. Commencing as soon as possible after termination of the war, our five-year plan will be systematically carried out. Rural residents who wish to be served with electricity before our five-year plan gets around to them, will be connected as soon as possible upon the following liberal terms: The consumer will be required to pay costs only after the Company has spent up to \$82.50 on his installation. Formerly the Company paid the first \$55.00 of such cost of connection.

CELEBRATE 65TH WEDDING ANNIVERSARY

Pictured are Mr. and Mrs. Charles W. Webb, father and mother of Alvin W. "Slim" Webb of Abbotsford, who celebrated their 65th wedding anniversary at Chilliwack recently as reported last week in The News.

Married at Guilford, New York, they came to Canada and settled in Chilliwack 57 years ago. Mr. Webb was Chilliwack municipal clerk prior to his retirement. There are four children: Mrs. B. Smith, Seattle; Harry L., New Westminster; Ernest, Agassiz; and Alvin W., Abbotsford; three grandchildren and seven great-grandchildren.

Abbotsford Airport
(Continued from Front Page)

uous half-hour of preparation and meticulous detail work required.

Make 21 Checks

Before starting the engines, he has a list of 21 things to do — including checking de-icers, turbo controls, cowl flaps, carburetor air filter and the like. In starting the engines he has five things to check—such as booster pumps and flight indicator. Before take-off he has 14 more things to check — like suction superchargers, hydraulics etc. After take off there are three more things including wheels and power reduction to examine — and that represents only the main items. There are dozens of minute details to supervise.

The heavy bomber boys first arrive at Boundary Bay where they train for eight weeks on twin-engine Mitchell bombers. In that time they do approximately 38 hours crew training in the air. The rest of the time, and the bigger part, is spent in ground training.

At all units, the synthetic ground training takes a front seat in the syllabus. Security regulations do not permit a detailed account of the synthetic features but these are extensive. They simulate real flight conditions so closely that crews, after several hours of "synthetic flying" often realize with a start they have been on the ground all the time. The synthetic apparatus is costly but in reality saves thousands of dollars plus flight hazards by cutting down on actual air training time.

After completing preliminary training at Boundary on the Mitchell's and in the classrooms, the trainees go to Abbotsford where they are converted to the bigger four-engined Liberators, spending six weeks there, approximately 61 hours of which is spent in the air.

The 11-man crews train together and in the course of their training are taught airmanship, bombing, meteorology, photography, signals, aerial medicine, radio range and a dozen-and-one other courses. Crews consist of pilot, 2nd pilot, navigator, bomb aimer, two wireless air gunners and five air gunners.

A gem-collection of instruc-

EGGS AND POULTRY

Cold storage holdings of dressed poultry aggregated 21.1 million pounds on February 1, almost 3.1 million pounds less than last month when stocks amounted to 24.2 million pounds. A year ago, the total on the same day was 26.8 million pounds. Reported stocks on February 1, 1945 included 8.8 million pounds of chicken 6.2 million pounds of fowl and 3.9 million pounds of turkey.

The amount of poultry shipped under government inspection during the year 1944 showed a remarkable increase over the year 1943—819,407 boxes as compared with 284,687 boxes. The main increase in inspections was in the case of chicken and fowl.

I believe the true road to pre-eminent success in any line is to make yourself master of that line.—Andrew Carnegie.

tional talent points to the importance placed in west coast OTUS. At Abbotsford and Boundary Bay in particular are dozens of highly-decorated veterans of the air war in Europe. Chief instructor of the two stations is Wing Commander H. (Hank) Milkin, DFC and Bar, of Verdun, Que., who has done a tour of operation on Halifaxes overseas, and another tour with the famed Pathfinders. Chief flying instructor at Boundary is Squadron Leader W. E. Edser of Vancouver who formerly was with transport command. Squadron Leader W. R. F. Grierson-Jackson, DFC of Guelph, Ont., is chief ground instructor, and formerly was senior navigation officer for one of the first Pathfinder squadrons. These men are all under the capable leadership of Group Captain R. A. Turnbull, DFC and Bar, AFC, DFM.

Abbotsford OC

Officer Commanding and chief instructor at Abbotsford is now Wing Commander D. J. (Blackie) Williams, OSO, DFC, of Vancouver, who has completed two tours overseas, one on Hampden bombers and the other as a night fighter on Mosquito's. His chief flying instructor at the base is Squadron Leader Don McIntyre, DFC, and American DFC, of St. John, N.B., who was shot down in Norway on his 11th trip with bomber command and later did a tour on Liberators in the Middle East.

(This article will be concluded next week).

By HELEN MARSH

THE FARMER GROWS FOR INDUSTRY

• I sometimes wonder how many farmers realize how great their contribution to the war effort is. Of course everyone knows how Canadian farmers have nearly doubled their output of farm products in spite of losing a quarter of their workers during the war; but the food they produce for Canadians at home and in the services abroad, for prisoners of war, and for Britain and the liberated countries is by no means the only war material that comes from farms.

Here are some of the lesser known contributions of the farm to the war effort; alcohol from wheat, machinery belts from hides, parachute cords from flax fibre, air conditioning filter from cow's tail hair, marine engine lubricants from rape seed, insecticides from tobacco, plastics from oat hulls, plywood glue from blood, pathfinder flares from whey, typhus vaccine from eggs, boxes from wheat straw, photographic film from sheep's feet, life jackets from milkweed floss, binder in plaster from cow-hair.

And from animal fats? The list of important war supplies which need fats in their production is almost endless. Here are a few: blockbusters, barbed wire, rubber, varnish, lubricating oil, leather, coated cloth and caulking compounds.

Milk is good for more than plain drinking. From milk come the raw material of products as paint, push buttons, and pencil-
lin!

Department of National War Services

• One of the most versatile government departments created by the war is the Department of National War Services, which comprises the Canadian Travel Bureau, the Corps of Canadian Fire Fighters for service in the United Kingdom, the Directorate of Censorship, the Government Office Economies Control Division, the Citizenship Division, the Prisoners of War Next-of Kin Division, the Voluntary and Auxiliary Services Division, the Women's Voluntary Services Division, and the Voluntary War Relief Division. In addition, the Canadian Broadcasting Corporation and the National Film Board were by Order in Council early in 1941 placed under the supervision of the Minister of National War Services.

The Corps of Canadian Fire Fighters, recruited at the request of the United Kingdom Government in 1942, has rendered valu-

able assistance in combatting fires in England during bombing raids.

You may be surprised—and, I'm sure, pleased—to hear about the Government Office Economies Control. It was established in 1942 to check on all government requisitions for printing, office equipment and furniture.

The Citizenship Division helps promote better understanding and appreciation between new Canadians of European origin and those of French and British.

The Prisoners of War Next-of Kin Division administers regulations covering the sending of next-of-kin parcels to our prisoners of war.

The Salvage Division supervises voluntary salvage committees across the Dominion.

The Voluntary and Auxiliary Services Division administers the War Charities Act. It controls all appeals to the Canadian public for funds, and supervises funds made available by the government to the six national auxiliary

services which provide comforts and services to the men of the armed forces and the merchant marine.

The Women's Voluntary Services organizes community pools of volunteer women workers for local service.

The Voluntary War Relief is concerned with committees dealing with relief of distressed civilian peoples in Allied countries.

ABBOTSFORD BRANCH - L. CALDECOTT, Manager

FARM POWER FOR ALL

Electric power and light is within reach of practically every farm in areas served by the B.C. Electric, and at new, lower cost than ever before. Consistent with its policy of extending the convenience and efficiency of electric power to the maximum number of homes and farms, the company has increased from \$55 to \$82.50 the amount it will spend toward the cost of connecting each rural lighting customer, before the customer is required to contribute.

B.C. Electric

Life Insurance Funds
Spark the Progress
of the Nation

Life insurance dollars are never stacked up, all in one place, doing nothing. Instead, they are vitalizing sparks flowing through the channels of trade, and ready to turn the new wheels which initiative, enterprise and ability provide.

When highways are to be built—or bridges, or harbors, or schools, or hospitals . . . when money is needed to develop our resources, to expand transportation, to launch great industrial projects . . . when municipalities need financing, or a farmer or a householder wants a mortgage . . . then the funds which the people of Canada have placed in life insurance are turned into the power-lines of progress.

The laws of our country properly restrict the types of investment in which policyholders' funds may be placed and state requirements which every such investment must fulfil. These laws are a solid safeguard to policyholders, who are assured, through continuous Government supervision, that life insurance funds are safely as well as usefully employed.

It is good citizenship to own **LIFE INSURANCE**

A Message from the Life Insurance Companies in Canada

Quick Thrifty Delicious

Beef Upside Down Pie

1½ cups flour
1 tsp. salt
1 tsp. celery salt
¼ tsp. white pepper
5 tbs. shortening

¾ cup milk, or half milk and half water
¼ cup sliced onion
1 can condensed tomato soup
½ lb. ground raw beef
3 tsp. Magic Baking Powder

Sift together flour, baking powder, ½ tsp. salt, celery salt and pepper; add 3 tablespoons shortening; mix in thoroughly with fork. Add milk and stir until blended. Melt remaining two tablespoons shortening in 9" frying pan, and cook onions until soft. Add tomato soup, remaining ½ teaspoon salt and ground meat; bring to boil. Spread baking powder mixture on top of meat mixture and bake at 475°F. for about 20 minutes. Turn out upside down on large plate. Serves 8.

BRITISH COLUMBIA TELEPHONE COMPANY

IN MANY WAYS BETTER THAN Cash

You will want cash if you plan to improve your home when the war ends . . .

You will want cash if you plan to improve your live stock . . .

You will want cash if you plan to build new barns or install new barn equipment . . .

Managing a farm is in many ways similar to managing any other business. That is why reserve savings in liquid form are so helpful to a farmer.

Victory Bonds provide the handiest form in which savings can be kept with safety. Their security is without question. They represent money owing to you by the Dominion of Canada, just as dollar bills do. And . . . better than dollar bills . . . they earn interest for you every day you hold them; even when put away for safe keeping in a bank vault or in a safe. They pay double bank interest.

You can get cash for Victory Bonds if you need cash in an emergency. Any bank will buy them from you. You can borrow on them, without any formality. Simply take them to any bank and get the loan you need. The interest the bonds earn pays a large part of the bank interest on the loan.

So, realize this fact, Victory Bonds are better than cash because they earn interest.

Buy Victory Bonds to have cash where you need it, when you may need it. Buy Victory Bonds to help maintain your country's war effort.

Get ready to buy VICTORY BONDS

8th VICTORY LOAN OPENS APRIL 23rd.

NATIONAL WAR FINANCE COMMITTEE

PROVINCIAL News Letter

Premier John Hart gave assurances in the Legislature that the Provincial Government would meet its responsibility to municipalities in the recommendations of the Cameron Commission now probing education costs and intimated that after the Dominion-Provincial Conference, the whole question of financial relationships between the Provincial Government and the municipalities would be studied.

Commissioners in villages of B.C. will be given authority to vote up to \$250 annually toward the cost of memorials for those who have died or served in the war, under a bill introduced in the Legislature by Municipal Affairs Minister Herbert Anscomb. They can make a similar size grant toward patriotic funds.

The Hon. Mr. Anscomb also announced that it was the Premier's intention on his next visit to Ottawa to take up with the Federal authorities the question of a "Victory Highway" through the northern part of the State of Washington to connect Patterson and Cascade, B.C., thus avoiding the double summit on what is known as 13-switchback road.

A native plant of British Columbia called *lactuca biennis*, may be a source of rubber, Hon. K. C. MacDonald, Minister of Agriculture, informed the Legislature. The National Research Council at Ottawa, he intimated, is at present carrying tests to ascertain the possible value of the plant for this purpose.

The Motor License Branch of the Provincial Police will no longer be administered by the Police Department, it was announced by Attorney-General Maitland when introducing a bill which will bring the motor vehicle licences and general administration of automobile regulations other than traffic rule enforcement under the administration of a separate department.

SUMAS DISTRICT

(Held over from last week)

Miss Thelma Nelles of Vancouver recently spent a few days visiting her parents, Mr. and Mrs. M. Nelles.

The Sumas Social Club held their meeting last Thursday at the home of Mrs. W. Buchanan. Two interesting contests were held, the winners were: Mrs. Blinch, Mrs. M. Nelles, Mrs. Dawson, Mrs. York, and Miss Thelma Nelles. The next meeting will be held at the home of Mrs. C. M. Baynes.

Mr. and Mrs. E. Cartwright and Lois of Calgary are visiting Mr. and Mrs. P. Kemle.

Mrs. Anke has been in Vancouver visiting her mother.

Mrs. Fred Corbett attended the wedding in New Westminster of her nephew F/O Leslie Corbett, D.F.C., to Miss Elaine Patton.

The last cribbage game of this season was held Thursday night. The winners of the winter tournament were: Mrs. P. Starr and Mr. E. Austin, first prizes, and Mr. and Mrs. John McGarva, consolation prizes.

Miss Maxine Kenny of Cedro-wooley, Wn., visited Mrs. F. Corbett.

Pte. Frank Kemle has returned to the East after spending his furlough with his parents, Mr. and Mrs. P. Kemle.

Mr. and Mrs. T. Mairs of New Westminster, spent the week-end with Mr. Iten.

Mr. Fred Nelles recently visited Vancouver to see Admiral Percy Nelles, R.C.N. Admiral Nelles is touring British Columbia.

NUTRITION AFFECTS ABILITY TO LEARN

The relation between nutrition and learning ability is hard to estimate. Yet experiments show that there is some connection between them. Taken hand-in-hand with the other factors for health—fresh air, exercise and plenty of rest—the right food makes a sure foundation for future Canadian citizens.

Canada's Food Rules, recommended by the Division of Nutrition, Ottawa, lists the foods for health which should be eaten

Matsqui Red Cross Unit Raises \$617 In Current Drive

An increase of \$100 over last year's collections, with a total so far in the current Red Cross drive of \$617.40, was revealed at the regular meeting of Matsqui Red Cross unit in the Lutheran hall Tuesday afternoon. Mrs. J. Inglis presided.

Funds of the unit will be still further augmented by proceeds of a whist drive to be held at Gifford Hall on April 11.

Hostesses were Mrs. Charles Siebold and Mrs. J. Threlfall

HEADS CO-OP. UNION

Lyall A. Currie, Surrey Co-operative, was elected president of the Co-operative Union of Canada (B.C. Section) at the final session of the first annual conference. Other officers are R. J. McMaster, Vancouver Co-operative, vice-president, and C. D. Clarke, secretary-treasurer.

Cash income of Canadian farmers reached a new high level in 1944. Returns from the sale of farm products are estimated at \$1,752,000,000. Additional government payments raise the total farm cash income to \$1,817,000,000.

every day. Important as these are for adults, they are even more so for the children.

A survey of two groups of children, one "bright" and one "slow", reported in the British Medical Journal, showed that 28% of the bright group and 7% of the slow group graded Nutrition A, and that all serious malnutrition occurred among the slow children. Educators are agreed that a well nourished child is a better student. A marked improvement has been shown after supplemental food such as extra milk, and in a more marked degree when a full midday meal is given.

VARIETIES OF GRAIN CROPS FOR THE FRASER VALLEY

Variety tests with cereals are continuous projects at the Experimental Farms and Stations in this province. Each year a large number of new varieties and selections developed by plant breeders are grown in scientifically replicated experiments and the results carefully noted. From these, sorts of exceptional promise are selected for further testing on the Station and at as many outside points as possible, in order that their performance under a wide range of soil and climatic conditions can be quickly determined.

The varieties recommended in this report have all been subjected to thorough tests. Some of the kinds mentioned are old

varieties and some are relatively new but all have proved to be well adapted and represent the best of which seed is now available in commercial quantities.

OATS—Victory; for general use. Eagle; on heavy delta soils. Ajax; for late seeding.

Winter oats are not recommended.

BARLEY—Trebi; rough-awned. Plush; smooth-awned.

Winter barley not recommended.

SPRING WHEAT—Marquis.

Canada's minister of labour has announced a \$30,000,000 federal-provincial vocational, educational program for the training of members of the armed forces and war workers for civilian occupations.

WINTER WHEAT—Dawson's Golden Chaff.

PEAS—Owing to the prevalence of European Pea Moth in the eastern portion of the Fraser Valley, field peas are not recommended at present.

FERTILIZERS

G. S. Peart, Fertilizer Administrator, has issued a further appeal to farmers to order fertilizers early and take delivery as soon as possible. There is a sufficient supply of fertilizers to meet normal requirements and plants have a large supply now ready for distribution but with the present labour and transportation situation, and a keen demand for fertilizer expected this spring, early action is imperative.

BRITISH COLUMBIA PLANS FOR PEACE

MUCH has been said, and a great deal has been written, on the need of planning for the future, and for the improvement of labour, living and social conditions in a world restored to sanity and peace.

British Columbia Has Plans

From the outbreak of hostilities, its whole industrial organization has been geared to the war effort. Every resource has been pledged and every other interest subordinated to war's compelling needs.

Never for a moment has there been overlooked the importance of planning for peace. British Columbia finds itself today with a complete programme. It is ready to implement that programme the moment it is opportune.

The Programme

1. Widespread electrification of rural areas, to make power available at low cost to farmers, communities and industries.
2. Expansion of facilities at the University of British Columbia, introduction of special courses for ex-service men, and establishment of new faculties.
3. High salary levels for teachers in rural schools.
4. The setting up of "pools" to make land-clearing machinery easily available to farmers.
5. The guaranteeing of loans to villages for sewers and waterworks, to give them the advantage of low-cost financing.
6. Substantial grants for the construction of new schools and hospitals.
7. Development of Provincial Scenic Park areas.
8. Construction of new highways to give readier outlets to the Coast for the great agricultural areas of the Peace River District and the South Okanagan.
9. Improvements to existing roads in order to prepare for the resumption of tourist travel.

The Government of THE PROVINCE OF BRITISH COLUMBIA

ABBOTSFORD SOCIAL & PERSONAL

Mrs. W. Coutts has left for Olds, Alberta, to visit with her daughter, Mrs. Hugh Thompson.

Miss Mary Bennett spent the Easter weekend with her parents.

A. R. Keeping and family have left to reside at Ladysmith, V.I.

Mrs. G. Grant and Gordon spent the weekend at Keats Island with Mr. and Mrs. Woods.

Miss Gaie Laurie of Vancouver and AC1 J. S. Laurie of Comox spent the weekend with Mr. and Mrs. Andrew Laurie.

Mr. and Mrs. Bill Hambly of New Westminster, Mr. and Mrs. Gordon Smootiey of Victoria, George Trussell and Mrs. John Zalesky were Easter guests at the P. M. Zalesky home.

Mrs. J. B. Law and George of Kamloops have been visiting with Mrs. J. E. Vanetta and Ira Rucker.

Mrs. Joseph O'Kane of North Vancouver has been visiting with her mother, Mrs. M. Moret.

Miss Rene Gentry spent the weekend with her family.

Miss Christie deVries spent the Easter holiday with her parents.

Mrs. Hannah Fraser had a reunion of the family on Good Friday. Donald of Spokane, Colin of Castlegar, Mrs. J. Stefan of Chilliwack, Mrs. L. Collison and Johnny Fraser of Vancouver and David J. Fraser of Abbotsford, were all home, the first time in 10 years they had all been home together.

Mrs. H. Amos of Vancouver has been visiting at the home of Mr. and Mrs. E. A. Barrett.

Miss Jean Tucker and Miss McLean of Vancouver have been recent guests at the Tucker home.

Miss Frances Benedict, Miss Ethel Davis and Miss Marion Abercrombie, all of St. Paul's Hospital, Vancouver, have been visiting at the home of Mr. and Mrs. O. W. Benedict.

Miss Mavis McKinlay of Vancouver spent the Easter weekend with Mr. and Mrs. A. MacDonald. Ldg/S Warren MacDonald was also at home for the holiday.

Mr. and Mrs. Campbell and Miss Bette Andrews of Vancouver were Easter guests at the home of Mr. and Mrs. H. S. Andrews.

Dennis Fraser, who is six years old, had 12 little boys and girls to help him celebrate.

BRADNER

The monthly meeting of the Red Cross unit will meet in the school kitchen on Tuesday, April 10th, at 2:30 p.m.

Mrs. R. F. Adams, who has been a patient in the Royal Columbian Hospital, has now returned home.

Mr. and Mrs. B. Black and son were recent visitors to Beltingham.

Mr. and Mrs. T. Green of Burnaby, spent the weekend on their farm here.

The monthly meeting of the Presbyterian Ladies Aid, which was to have been held on Wednesday, has been postponed until further notice.

Earnie Grist and Miss Jean Bell of Vancouver, were visitors over the weekend at the home of their parents, Mr. and Mrs. A. Bell.

population in the Fraser Valley and the increasing tendency to subdivide land into smaller holdings, the Association gave its endorsement to a resolution submitted by Maple Ridge municipality favoring the project. It also requested all municipal bodies concerned to send individual endorsements to Reeve Brown, the chairman of the association's committee which has been working on the preliminary features of the project for some time.

Earlier in the day committees of the Municipal Association had met with provincial department officials, including Fire Marshall Walker, Major Moodie, ARP, and also J. L. Noble, manager of the B.C. Fire Underwriters' Association, with a view to securing lower fire insurance rates in the valley. Contention that ARP equipment in the valley merited consideration in this connection was admitted to a degree, Reeve A. C. Hope of Langley reported to the association, and some encouragement was given as to the outcome of future conference arranged on the subject.

E. H. Bridgeman, deputy minister and inspector of municipalities, attended the meeting and spoke briefly. He had heard various statements of speakers concerning the serious financial difficulties confronting the municipalities, cities and villages of the valley and expressed his personal opinion that grants toward education costs were out of proportion. He favored larger grants to elementary schools instead of to high schools as at present.

A resolution emanating from Chilliwack and favoring municipal powers permitting expropriation of lands for park purposes was referred back to Chilliwack with the suggestion that it be submitted to the next convention of the Union of B.C. Municipalities. Hon. Herbert Anscombe, minister of municipalities, had suggested, it was reported, that expropriation powers be confined, as at present, to essential needs, such as waterworks. Speakers observed that in many cases reserves of land for park purposes have been overlooked but such recreational grounds were becoming essential needs as population increased.

A. D. McRae, chairman of Mission Board of Commissioners and president of the Municipal Association, presided, and H. W. Marsh, Mission Village clerk, was secretary.

SMITH - BALL

Dean Cecil Swanson officiated at the March 9 wedding in Christ Church Cathedral, Vancouver, when Anna Myrtle, daughter of Mr. and Mrs. A. Ball of Abbotsford became the bride of Mr. David John Smith, son of Mr. and Mrs. W. A. Smith of Vancouver.

Given in marriage by her father, the bride wore a turquoise blue suit with matching hat and British tan accessories. Her flowers were roses, gardenias, lily of the valley, heather and freesia. Miss Hope Flater was her attendant and Mr. Ted Malach was best man. Ushers were Pte. G. A. Smith and Pte. F. H. Ball.

MEYERS - KEEPING

Immediate relatives and friends were the guests at the wedding of Charles W. Meyers and Kathleen Bernice Keeping performed in Trinity United Church on Saturday evening. The bride is the daughter of A. R. Keeping and the late Mrs. Keeping, and the groom is the son of Mr. and Mrs. Stephen Meyers, all of Abbotsford. Rev. G. R. Tench performed the ceremony.

The bridal couple were attended by Miss Lena DeBeeld and the groom's brother, Albert Meyers.

For the wedding the church was suitably decorated with japonica and daffodils. Following a short wedding trip, Mr. and Mrs. Meyers will make their home on the Old Yale Road west.

Captain K. T. Reed, one of Canada's most colorful adventurers, is dead. He was at one time a friend of Jesse James, the noted United States outlaw. He fought in the United States Civil War and in wars against the Indians.

"WILL IT STOP NOW? OR GO ON? ..."

This picture of an anxious group of London citizens is taken from the moving picture film, "V-1" shown at the Abbotsford Theatre recently. A group of

men is shown digging into the wreckage of homes destroyed just a short while previously by a robot bomb. As they work they hear and see another of these dreadful messengers of death approaching. Note the intense anxiety in the faces of

these workers as they speculate whether or not the robot will stop and fall as it reaches them, or will pass on to another target. The film is one of the most vivid picturizations of robot attacks in England which has been produced.

Abbotsford Motors Local

"To Make Life and Business Interesting"
Jim Webster, Managing Editor

Dottie, age six, and Jackie, age five, dressed up one afternoon in their parent's clothes, walked sedately down the street and rang the bell at a strange house. To the lady who opened the door, Dottie announced, "We are Mr. and Mrs. Smith and we have come to call." They were graciously invited in. After a few minutes of very grown-up conversation their hostess asked, "Mr. and Mrs. Smith, wouldn't you like some lemonade and cookies?"

Mr. and Mrs. Smith would, so the hostess went to the kitchen. When she returned her guests were gone. Stepping to the front door, she saw them hurrying down the walk. "Aren't you going to stay for the refreshments?" she called after them.

"We're sorry but we can't," Dottie called back. "Mr. Smith has wet his pants."

PISTONS AND PISTON RINGS: Detonation is the result of a violent and rapid increase of combustion pressure and temperature above the piston. Severe shock loads are imposed on the piston head, piston rings and piston ring lands. These are usually the first parts to show effects of these excessive strains. When piston rings and piston lands are fractured their total failure soon follows resulting in loss of engine power, the scoring of cylinder walls and attendant the complete failure of the engine.

"Who's waiting at this table?" demanded the irate customer.

"You, madam," said the busy waitress, "until your turn comes."

THE IMPROPER INSTALLATION of Piston Rings having too great side clearance in the ring grooves can cause piston ring land breakages. If the ring side movement is too great the rings unduly hammer the ring lands with each change in directional motion. This oscillation causes oil pumping also soon destroys piston rings, lands, and subsequently the pistons.

Sergeant: "Did you give him the third degree."

Policeman: "Yes, we gave him the works, but all he did was doze and say, 'Yes dear, you're perfectly right.'"

Canadian Pacific Freight Trains Keep Rolling to All-Time Record

During the month of February, the Canadian Pacific Railway established a new all-time high in movement of revenue freight traffic over its Eastern Canadian lines.

D. C. Coleman

According to D. C. Coleman, chairman and president, 393,226 loaded revenue freight cars were moved in the twenty-eight days of February. This figure was higher than in the first twenty-eight days of any month winter or summer, in the C.P.R.'s long and illustrious history. Record day was on February 24th, when 15,404 loaded freight cars were handled. All this, Mr. Coleman pointed out, in spite of the most adverse weather conditions encountered in many years.

Mr. Coleman commented on the February 26th Dominion Bureau of Statistics' quarterly review of the coarse grain situation. This report stated that "with box cars snowed in on sidings it is difficult to get sufficient cars to move grain for feeding and wheat to the Eastern seaboard for export overseas." He declared that this does not apply to the Canadian Pacific Railway, which has succeeded in maintaining current movement of

supplies, both export and domestic. Figures show that 3,500,000 bushels of grain were delivered to steamers at Saint John in February of 1945, as compared to 2,400,000 bushels in February of 1944.

"In February alone, C.P.R. snow-plows travelled a total of 55,776 miles. They went twice around the world at the equator so that trains might go through to supply armies of the United Nations and the people of liberated countries. That is a fact that the general public may not have realized. But certainly those loyal and efficient railway workers who have battled blizzard and cold as low as fifty degrees below zero—the unsung heroes of the Battle of Supply—they know the importance of their work."

Mr. Coleman went on to state that in addition to the movement of traffic normally routed over Canadian Pacific rails, the company had handled a substantial amount of traffic diverted from both Canadian and United States railways which had been unable to cope with the unprecedented snowfalls of this year. Many United States rail terminals had been "plugged" with snowed-in freight cars which obviated the movement of necessary supplies to New England and other Eastern areas in that country. As a result, many freight loads were diverted into Canada at Sault Ste. Marie, Windsor, and other points, and were hurried eastward over Canadian Pacific lines.

Surprise Recipes

SOMETHING NEW IN PASTRY AND PIES GIVEN TRYOUT BY HOME ECONOMISTS

Consumer Section, Dominion Department of Agriculture Places Stamp of Approval on Cheese-apple, Apple Meringue Pies.

If there's any truth in the saying that the way to a man's heart is through his stomach then surely there isn't a better short cut than via a really good pie. For pie is perennially the favorite dessert of most men and a great many women.

The Consumer Section of the Dominion Department of Agriculture has something new in pastry and pies and they are sure to become top favourites with the family. Each is a little out of the ordinary and all are extraordinarily good.

Rolled Oats Pastry

1 1/2 cups sifted all-purpose flour or 2 cups sifted pastry flour

1 teaspoon salt

3/4 cup mild-flavoured fat

1 1/2 cups rolled oats

1/2 to 3/4 cup cold water

Mix and sift flour and salt. Cut in the shortening, using two knives or a pastry blender, until mixture resembles fine crumbs. Add rolled oats and mix lightly together. Gradually add water until the dough clings together. Chill before rolling out.

Makes one double crust, 9 inch pie and one 9 inch shell. Bake shells in a hot oven, 400°F, until light brown, about 10 minutes.

Cheeseapple Pie

Pie paste

6 medium-sized apples

1/2 to 3/4 cup brown sugar

1/4 teaspoon cinnamon

1/4 teaspoon nutmeg

1/4 teaspoon salt

1 tablespoon cornstarch

1 tablespoon butter

1 tablespoon lemon juice

1/2 teaspoon grated lemon rind

1 cup grated cheese

Line a 9-inch pie plate with plain or rolled oats pastry. Peel, core and slice apples thinly. Combine sugar, spices, salt and cornstarch and sift over the apples, stirring gently until they are well coated. Place apples in layers in the pie shell. Dot with butter and sprinkle with lemon juice and rind. Bake, without a crust in a hot oven, 425°F, for 25 to 30 minutes. Remove from oven, sprinkle cheese over pie and return to oven to melt the cheese. Serve hot or cold. Yield: one 9-inch pie.

Chocolate Top

Pie paste

2 cups milk

2 tablespoons cornstarch

1/4 cup sugar

1/4 teaspoon salt

2 eggs

1 teaspoon vanilla

1 1/2 ounces unsweetened chocolate

1/4 cup sugar

2 tablespoons butter

1/4 cup milk

1/2 teaspoon vanilla

Line a 9-inch pie plate with pie paste, building up the rim well. Prick and bake in a hot oven, 425°F, for 10 minutes. Remove from the oven only long enough to pour in filling.

Filling:—

Heat milk. Mix the cornstarch - sugar and salt and blend into the beaten eggs. Add hot milk gradually, stirring until smooth. Add vanilla. Pour into hot shell and return to the oven. Bake in a moderately slow oven, 325°F, for about 30 minutes or until custard is firm. Melt chocolate in top of double boiler. Add sugar and butter. Add milk slowly, 1 tablespoon at a time, blending smooth after each addition. Remove from heat, cool slightly, add vanilla and spread evenly over the baked filling. Yield: one 9-inch pie.

War veterans employed by the Canadian National Express at Montreal have formed a new branch of the Canadian Legion.

Associated Boards Favor Completion Lougheed Road

A request that the provincial government take early steps to complete the Lougheed highway from Maillardville to the Pitt River bridge to eliminate unnecessary delays at the level CPR crossing at Port Coquitlam, was endorsed at the annual meeting of the Associated Boards of Trade of the Fraser Valley, held in New Westminster on Friday.

Maple Ridge Board of Trade sponsored the resolution and pointed out that the survey for the stretch of road had been made years ago. The new route would skirt the Colony Farm and Port Coquitlam and would pass under the CPR tracks near Pitt River.

Larger Indemnities

North Vancouver sponsored a request that indemnities for federal members should be increased to encourage young men and women to enter public life. Ray Sargeant, North Vancouver, claimed that a federal member, after paying income tax, has but about \$3000 left of the \$4000 indemnity and at the same time is unable to engage in any permanent business or profession by reason of being absent for six months of the year.

Maple Ridge, through J. L. Brown, brought up the question of public rights in Garibaldi Park, especially through the 10,000 acres which have been deeded to the University of British Columbia for experiments in reforestation. Although the Board of Governors of UBC had disclaimed any intention of shutting off the area to the public, nothing had been placed in writing, he claimed. It was decided to write UBC to determine the exact status.

Arthur Cowley told the meeting of rehabilitation plans in Vancouver while the noon luncheon was addressed by Dr. N. A. M. MacKenzie, president of UBC.

Elect Cunningham

Officers elected were as follows: President, Reeve Hugh Cunningham, Maple Ridge; vice-president, Frank Hall, Chilliwack; secretary-treasurer, E. H. Barton, Chilliwack.

The Associated Boards accepted the invitation of Mission Board of Trade to hold the June meeting in that City. James Muir of Mission, retiring president, presided.

COST 7 MILLIONS

From its first budget in 1940 of \$120,000, Canadian Legion War Services has so expanded its services to Canadian troops that its expenditures for the year 1944 reached a total of \$7,517,292. The growth of the organization was revealed here today when the report of Lt.-Col. D. E. Macintyre, general manager, was made public following a meeting of the board of directors of CLWS.

Farmers' income tax payments for 1944 are expected to exceed \$10,000,000. On 1943 income Canadian farmers paid \$7,200,000.

C.P.R. RESEARCH CHIEF: W. A. Newman, M.B.E., who has returned to the Canadian Pacific Railway after more than four years on loan to Federal Aircraft Limited for war work, heads the C.P.R.'s new department of research, which will examine all branches of railway operation to attain the economy and efficiency of transportation imperative if Canada is to hold her own in post-war trade. A Queen's man, Mr. Newman rose in 17 years from apprentice to chief mechanical engineer of the C.P.R. He was created a Member of the Order of the British Empire in 1943 for his services with Federal Aircraft, a Crown company, of which he was president and general manager.

RIDGEDALE

Mrs. W. B. Mailes, who has been visiting Mrs. Howard Rottluff and friends for the past month, has returned to her home in Pt. Alberni.

Guests of Mr. and Mrs. F. Beharell over the Easter Holidays included Miss Doris Beharell and Mr. James Leith of Vancouver.

Mrs. Warren Peterson and little daughter, Kathleen, are visiting Mr. G. H. Rottluff from Blanchard, Wn.

On the occasion of her 83rd birthday Mrs. Harriet Smith was the guest of honor at Mrs. Adams on Good Friday, where relatives and friends gathered to wish her many happy returns of the day.

A presentation for Miss Doris Norrish whose marriage to Douglas Jones, RCAF, will take place on April 5th, was held in the hall on Thursday. She was the recipient of an occasional chair, a coffee table and a smoking stand.

Mr. Wickstrom is a patient in the M-S-A Hospital.

Miss Betty Creelman from Vancouver visited her parents last week.

Miss I. Kelleher and Mrs. MacAndrew called on Mr. and Mrs. Kelleher on Sunday.

Mr. and Mrs. F. C. Smith and Mr. and Mrs. Vernhove (nee Audrey Smith) of Vancouver called on Mr. and Mrs. P. Smith on Saturday.

At the Whist Drive and bazaar held in the hall last week over \$200 was realized. Proceeds are for overseas parcels and the Red Cross.

PINE GROVE

Mr. Wm. Lay has left for his home in Saskatchewan.

Guest of Mr. and Mrs. M. Kushner recently was Pte. C. Lisson of Gordon Head, Victoria.

Visitors to Vancouver on Thursday were Mrs. and LAC. G. Ellwood.

Holiday visitors at the home of Mr. and Mrs. T. Ruben were Mr. and Mrs. W. Findlay and family of Vancouver.

An enthusiastic audience applauded the entertainment and play which took place March 29, in the Hall.

Miss Mae McKendrick spent the holidays at her home here.

Miss M. Larson is holidaying with friends at Agassiz.

MATSQUI

Mrs. LeSuir and children have returned from Ontario after spending a month there.

Mr. Mayers returned Saturday from the prairies.

Mr. and Mrs. C. Anderson and family have moved to Vancouver.

Joe and Louis Swoboda of Vancouver are spending the holiday visiting their parents.

Mr. and Mrs. M. Myhre and Carol have moved into their new home here.

The sum of \$618.60 was collected for Red Cross in the Matsqui Area.

Mr. and Mrs. Hurum and Mr. O. Hoimen spent Easter Sunday in Chilliwack visiting Mr. and Mrs. F. Wilson.

Mr. and Mrs. R. Carmichael gave a wedding reception in the Lutheran church parlours on Wednesday evening, March 28 for their son Lorne and his bride. About 60 guests were present. Out of town guests were from Aldergrove, Bellingham and Huntingdon.

Captain Lorne Carmichael, RC AF left Saturday for Eastern Canada, his bride returning to Quebec, her home.

Mr. and Mrs. Swenson of New Westminster spent Sunday visiting at P. Johansen's home.

Ruth Johansen spent a few days in Vancouver last week.

Tommy Reay, RCN, spent Easter visiting his wife, Mrs. T. Reay and his father-in-law, Mr. Paterson.

Mr. and Mrs. E. Mikkilson and A. Johansen of Birch Hills, Sask. spent Saturday at the P. Johansen home.

Mr. and Mrs. H. Hansen spent Easter at the F. Hansen home.

Mr. and Mrs. A. Skreden and Mr. Myhre spent Saturday in Vancouver.

Miss Mary Sproat of Vancouver is home visiting her father and Miss Enid Sproat is visiting in Vancouver.

Stella Smith of New Westminster spent Easter with her parents.

The monthly Red Cross meeting was held March 27 in the Lutheran Church parlours with president Mrs. Inglis in the chair. It was decided to hold a whist drive in the Glenmore school on April 11 in aid of Red Cross. The treasurer reported \$618.60 collected in the Red Cross campaign. Hostesses were Mrs. J. Threlfall, Mrs. C. Seibold and Mrs. G. Hill. The next meeting will be held at the home of Mrs. M. Faulkner on April 24 with Mrs. Faulkner and Mrs. W. Adams as hostesses.

Rev. and Mrs. Guenter and children enroute to Liberia were guest speakers at the Baptist Church Easter Sunday. The Sunday School also gave an Easter program.

Rev. and Mrs. P. Peterson and children have moved to Abbotsford.

Mrs. Ostrom was surprised by the Swedish Baptist Ladies Aid and friends on her birthday on Wednesday evening.

Miss Adeline Simonsen of Langley spent the weekend visiting Mr. and Mrs. P. Peterson.

Bruce Hougen spent a few days visiting friends at Wood-fibre.

Mr. and Mrs. E. Kerr and children spent Sunday visiting friends here.

Production by Canada's chemical industries reached an all-time high in 1943 when the value of chemicals and allied products for that year topped \$765,000,000.

Orders recalling members of the Royal Canadian Air Crew Reserve to duty have been sent out. This action has been taken in response to a call from overseas for an increased flow of all air crew categories except pilots, navigators "W" (wireless) and flight engineers to replace air crew personnel whose tours have been completed.

Pinafore Pretties!

from 2.95

Meet our pretty-making pinafore dresses—your best bet for indoors now, outdoors later! So young and crisp in Seersuckers, Cottons, Alpines and Corduroys. You'll want a few—for they're tiny priced!

THE SWELLEST SPOT IN TOWN

Abbotsford

The nerve centre of the Dominion's scientific effort is the National Research Council in Ottawa, where science keeps a steady pace with industry. At the Council are found scores of Canadian women who are playing important roles in the long haul to final Victory. The manipulation of precision instruments lends itself admirably to deft fingers. This young lady is employed in the Council's gauge testing laboratory.

Enlist Your Family Today!

No one is too young
or too old

Make your victory garden a family project! Interest every member in doing his share, from little Kay who will eagerly watch the progress of her first tomato plant, to Gramps who always has had a yen to buy a farm. Raise a prize-winning crop with the help of our quality gardening equipment.

L'IL WAR SHAVER... by DILL

"PSST! — HEY MOM! — GET THAT TWO-BITS YOU OWE ME — I WANTA BUY ANOTHER WAR SAVINGS STAMP!"

Abbotsford Troop
Reconnaissance Squadron
2nd (R) Bn. (M)

Parades

Troop will parade at the Drill Hall, Orange Hall, Monday, 9th April 1945 at 1930 hrs. (7:30 pm). Dress: drill order. All ranks except instructors will bring coveralls. Troop Commanders inspection.

M/C and N.C.O.'s Schools as detailed.

Notes and Jottings
For the first time since its inception this jotting opens on rather a subdued note in reporting Cpl. Dolf McKenzie's accident in which he suffered compound fracture of lower left leg. He is in Shaughnessy Military Hospital, third floor, doing well and would be more than pleased to see any member of the Troop who can find time to drop in and say hello.

Spring is here
The grass is riz
And snowdrops is
(All with apologies to somebody or other) and with its advent, lengthening nights and better weather, more outside training will be undertaken and for those eligible, wheeled and carrier schools will be started as soon as possible. Vehicles drivers will note that our garage doors have been renewed and

SGT. JACK GRANT EARNS CERTIFICATE

Sgt. Jack W. Grant is home for thirty days after graduating as a Wireless Air Gunner at Calgary, Alta. For passing his examinations with no errors, he was awarded a Certificate of Morse Proficiency, one of two boys of a class of 80 Airmen. He ranked third in the graduating class.

CHURCH SERVICES in the M-S-A Area

Notices for this column must be in the office of The News not later than Mondays at 5 p.m.

Matsqui Lutheran Church
Matsqui Lutheran Church services will be held on Sunday, April 8, at 3 p.m. The choir from the First Lutheran Church at Vancouver will give a cantata. Everyone is cordially invited to attend the service and hear this noted choir.
A. H. Solheim, B.A.
Pastor.

Trinity United Church
April 8, 1945: Sunday School, 10 a.m. Regular service at 11 a.m. and 7:30 p.m.
Huntingdon United
April 8, 1945: Sunday School, 11 a.m. Church service, 1:45 p.m.

North Poplar United
April 8, 1945: Sunday School, 2 p.m. Church service, 3:15 p.m.

Christian Science
Christian Science services are held each Sunday morning at 11 in the lodge room of the Orange hall, Abbotsford. The public is cordially invited.

Anglican Church Services
April 8th, 1945
St. Matthew's, Abbotsford — Holy Communion 9:15 a.m.; Church School 10 a.m.; Evensong and Sermon 7:30 p.m.
St. Margaret's, Bradner — Church School, 10 a.m.; Morning Prayer and Sermon 11:00 a.m.
Huntingdon — 3 p.m., service to be held at the home of Mrs. T. A. Harris.

It's better building boys and girls than mending men and women. Will parents please see that the children attend Sunday School where efficient teachers await to impart religious instruction based upon the authority of the Bible. Only to our peril can we afford to neglect the teaching of our children.

In our program of Advance we plan to provide more adequate accommodation for the children.
Your friend and Vicar,
Gordon E. Bratt.

widened. It is the fervent hope of Troop Comdr. that with this improvement the doors will, for the future, remain on their hinges. Graveling has also been finished around the wash rack which, undoubtedly will see a lot of use from now on.

Monday, 2nd April, was a Sqn. training holiday. It is anticipated therefore, the parade on the 9th will be one hundred per cent in turnout and appearance for troop commanders inspection. We are reminded that the D.G.R.A. is still in the neighbourhood and no one knows when he may pay us a visit.

WAS THAT IN THE SCRIPT?

Having a good laugh about something in the script are actress Grace Matthews and producer J. Frank Willis, photographed at the CBC's Trans-Canada network studios in Toronto. They're in rehearsal for the popular Wednesday night feature "Comrades in Arms", heard in this province at 6:00 p.m., which dramatizes the achievements of Canadians in the army, navy and RCAF.
